DECISION DATE: April 23, 2002 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 3C, and to the owners of property within 200 feet of the site. The application was also referred to the Office of Planning for review and report.

The site of this application is located within the jurisdiction of ANC 6B. ANC 6B, which is automatically a party to the application submitted a letter in support of the application. The Office of Planning submitted a letter in support of the application. The Capitol Hill Restoration Society submitted a letter in support of the application. The D.C. Department of Transportation submitted a memorandum stating no objection to the application.

As directed by 11 DCMR 3119.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a special

exception from the strict application of the requirements of 11 DCMR §§ 3104.1 and 2116, and for variances under 11 DCMR §§ 3103.2, 401, 403, 404, 2117. No person or entity appeared at the public hearing in opposition to this application or otherwise requested to participate as a party in this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR 3104.1 for a special exception under Section 2116, which will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Maps. The applicant has also met the burden of proving under 11 DCMR §§ 3103.2, 401, 403, 404, and 2117, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.
